

# The PASTA NET Script = Plain And Simple Talk About

## Opening

Good evening and welcome to the **PASTA NET**. This net will be held **Monday's at 7:30 PM** on The Phil-Mont Mobile Radio Club's **W3QV repeater** using the frequency of **147.030** with a positive offset and a PL tone of **91.5** for Philadelphia.

For **Delaware County, west and south**, use the same frequency with a PL tone **100** and for **Bucks County, north and east**, use a PL tone of **88.5**.

For **Allstar**, use node **47970**.

For **Echolink**, use **W3QV-R**.

And for **DMR** find us on the TGIF network, Talk Group **721**.

As always, **emergency traffic** can break in at any time; just say **"Emergency Traffic."**

My name is \_\_\_\_\_ and my call sign is \_\_\_\_\_.

The purpose of this net is **Plain And Simple : we're here to have fun!**

It's your mic and it's your platform. Talk about any appropriate topic, make a comment, or ask a question. There will be multiple rounds and opportunities to participate.

This is a **semi-directed net**. We encourage the use of **NET LOGGER** for check-ins and to help participants keep track of the rotation.

### Here's how it works:

- **If you are using NET LOGGER:** You will pass the "mic" directly to the next station listed on the log. Please clearly announce the call sign of the station you are passing to when you are finished.
- **If you are NOT using NET LOGGER:** When you are done transmitting, you will pass the "mic" **back to Net Control**. Please advise Net Control when you check in that you are not monitoring the log. I will then notify you when it's your turn.

If you don't have Net Logger and you want to get it, you can download it for free at [www.netlogger.org](http://www.netlogger.org) . When you sign in, just look for **PASTA NET**. To keep track of the net on an Apple or Android device, you can download the app **NET LOGGER COMPANION**. **Make sure to turn your phone sideways for the best experience** .

Net control will now call for check -ins, and add them to Net Logger. Then off we go for a directed rag chew!

So, without further ado, if you'd like to get on the log, please call net control now.

## Closing

This has been the **PASTA Net** . I'd like to thank all **(NUMBER)** check-ins for joining us tonight.

I hope you enjoyed the net and invite you all to come back next week, **Monday at 7:30 PM** , to join us again.

This is **(CALLSIGN)** for the PASTA net, **73 and good night!**
